

State 2 & 3 Care Policy Guide

Baan Puttharaksa Project

State 2: Intermediate Care

For residents needing partial assistance with daily living or post-operative rehabilitation.

State 3: Skilled Nursing

For residents requiring full assistance or continuous medical supervision.

1. Admission & Assessment

- Care Level assessment by our medical and nursing team
- Development of an Individual Care Plan (ICP)
- Physical performance and nutritional status evaluation upon entry

2. Specialized Rehabilitation Services

- Professional physiotherapy 3-5 sessions per week
- Occupational therapy for fine motor skills and daily living retraining
- Therapeutic nutrition for dysphagia or specific medical conditions
- 24/7 Digital Health Monitoring of vital signs

3. Kaigo Care Standards

- Dedicated care by senior Kaigo-certified staff
- ADL (Activities of Daily Living) training to prepare for transition back to State 1
